

REIKER MOTOR OILS

REIKER motor oils provide excellent performance for today's gasoline cars, trucks and vans. They are formulated to provide clean engines and excellent control of sludge and other engine deposits that form due to high engine temperatures and combustion exhaust gases. Selected anti-wear additives are used to reduce wear and extend service life.

REIKER motor oils exceed the requirements of **MIL-L-46152E**, **Ford M2C153H**, **GM-6048 M**, Detroit Diesel requirements and all light duty diesel engines.

REIKER engine The oils are suitable wherever **API SP** service category is required. **REIKER 5W-20, 5W30, 10W-30, 10W-40 & 20W-50** motor oils are semi-synthetic formulas and meet **ILSAC GF-6A** requirements for use in passenger car engines. REIKER motor oils also provide excellent performance in engines running on LPG fuel.

REIKER motor oils are specially designed for today's high-performance, high-temperature engines. REIKER 20W-50 engine oil helps protect turbocharger bearings from seizure and scorching due to high temperatures. Suitable for use where API SP is recommended for engine oils

REIKER Typical Properties							
SAE Grade	5w-20	5w-30	10w-30	10w-40	20w-50	SAE 30	SAE 40
Viscosity							
@40° C. cSt	48.2	63	70.6	104.1	161	102.9	155
@100°C, cSt	8.0	10.1	10.7	13.7	18.1	10.7	14
Viscosity index	125	125	130	130	120	87	85
Drop Point, °C	-30	-30	-28	-28	-30	-30	-30
Flash point, °C	211	210	212	217	220	211	216
ASTM Color (max.)	2.0	2.0	2.0	2.5	2.0	2.0	2.0
